Caseworker Intern

Join the Fight Against Corruption

About Jawafdehi

At jawafdehi.org, we're creating an open database of corruption cases for Nepal, making allegations, evidence, and outcomes accessible to citizens.

Join the team in documenting corruption and strengthening accountability through rigorous research and structured data.

The Role

Duration **3 months**	Location **Remote**
Commitment **Part-time**	Type **Paid/Unpaid**

We're looking for a **detail-oriented law student** to help build a comprehensive corruption case database from CIAA and other sources.

Key Responsibilities

- Study CIAA corruption cases and upload to Jawafdehi
- Learn and work with AI tools to automate casework
- Contribute to understanding of corruption governance frameworks
- Promote accountability initiatives in public-facing activities
- Assist in preparing corruption case videos for social media

Why Join Us?

Real Impact Document corruption	**Remote First** Work from anywhere
Learn & Grow Build research skills	**Open Data** Public civic value

Requirements

Required:

- Law student with research/writing experience
- Ability to type in English and Nepali
- Study CIAA cases carefully and meet quality standards
- Willingness to learn AI tools
- Support public-facing accountability initiatives

Preferred:

- Basic Python Coding or Prompt Engineering
- Social media/design skills
- Located outside Kathmandu Valley
- Underrepresented background
